

Your website — what only you can tell us

Liebe Marija, this questionnaire collects everything we need to finish your website in German, English, Croatian and Spanish. It takes about 30–40 minutes. You can fill it in directly in this PDF (Adobe Acrobat Reader, Apple Preview or your browser), save it, and send it back to Rodrigo.

How to answer:

- Tick boxes where you see options. Options in terracotta marked “recommended” are our suggestion — you can always choose differently.
- Write in any of your languages. Bullet points are fine; we turn them into polished copy in all four languages.
- Only information you confirm here will appear on the website. Leave anything blank that you are unsure about.
- Please don't write health information about clients or children anywhere in this form.

What happens next: Rodrigo sends the filled PDF back into the project; Claude fills the placeholders in the website, writes the texts in four languages for your review, and prepares the legal pages for a lawyer's check.
